Ans

Issued December 26, 1911.

U. S. DEPARTMENT OF AGRICULTURE,
BUREAU OF ANIMAL INDUSTRY.

A. D. MELVIN, CHIEF OF BUREAU.

STATE SANITARY REQUIREMENTS
GOVERNING ADMISSION OF
LIVE STOCK.

SUPERSEDING ISSUE OF NOVEMBER 9, 1910.

WASHINGTON:
GOVERNMENT PRINTING OFFICE.
1911.

U. S. DEPARTMENT OF AGRICULTURE,
BUREAU OF ANIMAL INDUSTRY,
Washington, D. C., October 26, 1911.

TO BUREAU EMPLOYEES:

The following information respecting State requirements for live stock entering the various States and Territories was obtained by the bureau through communications with the accredited officials of each State and Territory. Persons desiring fuller information on the subject of State laws and regulations should communicate directly with said officials.

A. D. MELVIN,
Chief of Bureau.

Approved:

JAMES WILSON,
Secretary of Agriculture.

STATE SANITARY REQUIREMENTS GOVERNING ADMISSION OF LIVE STOCK.

ALABAMA.

Horses, mules, and asses.—Health certificate, in duplicate, issued by officially qualified veterinarian.

Cattle.—Health certificate, including tuberculin test for all cattle over 6 months old intended for purposes other than immediate slaughter. Calves from tuberculous mothers or herd can not come into State.

Hogs.—Health certificate, showing no exposure to disease.

Sheep.—Health certificate.

Who may inspect.—Any legally qualified veterinarian who may be indorsed or certified to by State veterinarian of State of origin, or by Federal inspector.

Official.—Dr. C. A. Cary, State veterinarian, Auburn, Ala.

ARIZONA.

Horses, mules, and asses.—Health certificate, preferably including mallein test.

Cattle.—Health certificate. Tuberculin test for dairy or breeding cattle.

Hogs.—Health certificate and isolation at destination two weeks or until released by State veterinarian.

Sheep.—Health certificate for all. Certificate of dipping under official supervision when from any territory classed as infected by the Government.

Who may inspect.—Horses, cattle, and hogs: Any State, Federal, county veterinarian, or other veterinarian when

his certificate is approved by the State veterinarian or State sanitary board at point of origin. Sheep: Federal veterinarian.

Official.—Dr. J. C. Norton, State veterinarian, Phoenix, Ariz., to whom duplicate certificate should be sent in advance.

ARKANSAS.

Horses, mules, and asses.—Health certificate.

Cattle.—Health certificate for dairy or breeding cattle, including tuberculin test by official veterinarian, or permit from State veterinarian to test after arrival.

Hogs.—Must be free from and not exposed to contagious or infectious disease.

Sheep.—Must be free from and not exposed to contagious or infectious disease.

Who may inspect.—Officials of the Bureau of Animal Industry or official veterinarians of State of origin.

Official.—Dr. J. F. Stanford, Fayetteville, Ark.

CALIFORNIA.

Horses, mules, and asses.—Health certificate, including mallein-test certificate. One copy of certificate and test record attached to waybill and duplicate copy mailed to State veterinarian on day of shipment.

Cattle.—Health certificate, including tuberculin-test certificate for breeding and dairy cattle. One copy of certificate and test record attached to waybill and duplicate copy mailed to State veterinarian of California on day of shipment. Special regulations for importation of southern cattle.

Hogs.—Health certificate.

Sheep.—In accordance with Federal regulations.

Who may inspect.—Federal veterinarians or veterinarians certified to by the authorities charged with the control of live-stock sanitary work in the State in which the animals originate.

Official.—Dr. Charles Keane, State veterinarian, Sacramento, Cal.

COLORADO.

Horses, mules, and asses.—None.

Cattle.—Health certificate and tuberculin-test chart for bulls for breeding purposes and female cattle over 6 months old intended for dairy purposes.

Hogs.—None.

Sheep.—None, except Government regulations.

Who may inspect.—Official veterinarians, State or Federal, or a licensed veterinarian whose certificate is approved by the State veterinarian or like officer.

Official.—Dr. W. W. Yard, State veterinarian, Denver, Colo.

CONNECTICUT.

Horses, mules, and asses.—None.

Cattle.—For neat cattle over 6 months of age, health certificate, including tuberculin-test chart properly filled out and certified to by a qualified veterinarian in any other State who is approved by the authority having jurisdiction of diseases of domestic animals in that State. This certificate must contain a description of each animal, including age, breed, sex, and color, or numbered ear tags so that animals may be easily identified. When certificate as above described is not provided, neat cattle may be taken into the State under a permit from the commissioner on domestic animals and held in quarantine at the place designated until examined and released by the commissioner or his agent.

Hogs.—None.

Sheep.—None.

Who may inspect.—Commissioner or his agent.

Official.—H. O. Averill, commissioner on domestic animals, Hartford, Conn.

DELAWARE.

Horses, mules, and asses.—None.

Cattle.—Cattle for dairy or breeding purposes admitted to the State on permit from the live-stock sanitary board

or must be accompanied by certificate, including tuberculin-test chart, showing animals to be free from tuberculosis.

Hogs.—None.

Sheep.—None.

Who may inspect.—Federal or State inspector, or veterinarian whose certificate must be approved by State live-stock sanitary board.

Official.—Wesley Webb, corresponding secretary of State board of agriculture, Dover, Del.

FLORIDA.

Horses, mules, and asses.—None.

Cattle.—None.

Hogs.—None.

Sheep.—None.

The State law provides that it shall be unlawful for any person to bring into the State or to offer for sale any live stock suffering from contagious or infectious diseases.

Who may inspect.—None needed.

Official.—Dr. Charles F. Dawson, veterinarian to State board of health, Jacksonville, Fla.

GEORGIA.

Horses, mules, and asses.—None.

Cattle.—Health certificate and tuberculin test record for all dairy or breeding cattle. Cattle may upon affidavit of owner or exhibitor be shipped in for fairs or live stock exhibitions, but can not be sold for delivery within the State until they have been examined and tuberculin tested by State veterinarian or his duly authorized deputy.

Hogs.—None.

Sheep.—None.

Who may inspect.—Any qualified graduate veterinarian who is indorsed by the State veterinarian or officer in charge of live-stock sanitary work in the State where the shipment originates; also veterinarians of the Bureau of Animal Industry.

Official.—Dr. Peter F. Bahnsen, State veterinarian, Atlanta, Ga.

IDAHO.

Horses, mules, and asses.—None.

Cattle.—Dairy and breeding cattle to be tested with tuberculin. Three preliminary temperatures and four after injection. Tuberculin-test chart should accompany cattle.

Hogs.—None.

Sheep.—Bucks to be dipped under State supervision.

Who may inspect.—Federal, State, and assistant State veterinarians to make tuberculin test.

Official.—Dr. J. H. Weber, State veterinarian, Boise, Idaho.

ILLINOIS.

Horses, mules, and asses.—None.

Cattle.—None, except Texas fever.

Hogs.—None.

Who may inspect.—State veterinarian and his assistants.

Officials.—Dr. J. M. Wright, State veterinarian, 1827 Wabash Avenue, Chicago, Ill.; Mr. C. A. Lowery, secretary, State board of live-stock commissioners, Springfield, Ill.

INDIANA.

Horses, mules, and asses.—None.

Cattle.—All cattle shipped into State must be tuberculin tested and tagged with Indiana State tags. Government test preferred. Test charts must be sent to State veterinarian. Cattle for feeding purposes required to be kept separate from all other classes of cattle and swine until slaughtered or shipped out of the State. Sworn affidavit required.

Hogs.—Hogs shipped into State for breeding purposes required to have certificates showing freedom from disease and that they originated in noninfected territory. All stock yards considered infected territory, unless under Government supervision and noninfected pens are pro-

vided. Feeding hogs under same restrictions unless permit be secured from Indiana State veterinarian.

Sheep.—None.

Who may inspect.—State veterinarian or veterinary inspector of the Bureau of Animal Industry.

Official.—Dr. W. E. Coover, State veterinarian, Indianapolis, Ind.

IOWA.

Horses, mules, and asses.—Health certificate, including mallein test.

Cattle for dairy and breeding purposes.—Health certificate, including tuberculin test.

Hogs.—Health certificate.

Sheep.—Health certificate.

Who may inspect.—The above required certificates may be issued by a Federal, State, or assistant State veterinarian, or by any graduate veterinarian whose certificate is indorsed by the parties having charge of live-stock sanitation in the State where shipment originates.

Official.—Dr. J. I. Gibson, State veterinarian, Des Moines, Iowa.

KANSAS.

Horses, mules, and asses.—Inspection certificate issued by Federal or State authorities, when shipped or driven from below the southern quarantine line, showing them to be free from Texas-fever ticks.

Cattle.—Health certificate from territory under quarantine by the Federal Government on account of Texas-fever ticks or scabies, including tuberculin-test certificate for dairy cattle and registered cattle for breeding purposes.

Hogs.—None.

Sheep.—None.

Who may inspect.—Inspectors of the Bureau of Animal Industry, veterinarians and inspectors having a commission from the State live-stock sanitary commissioner.

Official.—J. H. Mercer, State live-stock sanitary commissioner, Topeka, Kans.

KENTUCKY.

Horses, mules, and asses.—None.

Cattle.—Health certificate, including certificate of tuberculin test, except for cattle for immediate slaughter.

Southern cattle admitted for purposes other than immediate slaughter during January, November, and December, after certification by an inspector of the Bureau of Animal Industry as being free from any symptoms of Texas fever.

Hogs.—None.

Sheep.—Sheep intended for purposes other than immediate slaughter shall be accompanied by certificate from an inspector of the Bureau of Animal Industry showing them to have been dipped once within 10 days of date of entry in either lime-and-sulphur or a nicotine dip.

Who may inspect.—State veterinarian and assistants; inspectors of the Bureau of Animal Industry.

Officials.—F. T. Eisenman, State veterinarian, Louisville, Ky.; Hon. M. C. Rankin, chairman State live-stock sanitary board, Frankfort, Ky.

LOUISIANA.

Horses, mules, and asses.—Health certificate showing freedom from all contagious, infectious, and communicable diseases.

Cattle.—Dairy and breeding cattle shall be free from tuberculosis; must be tested with tuberculin before entering State. Owner or agent of cattle must mail certificate to secretary and executive officer of State live-stock sanitary board immediately following arrival of cattle at destination. No tuberculin test required for cattle under 6 months old; calves from tuberculous cows shall be rejected.

Hogs.—Health certificate from qualified veterinarian 24 hours before shipping, showing freedom from infectious, contagious, or communicable disease.

Sheep.—Health certificate from qualified veterinarian 24 hours before shipping, showing freedom from infectious, contagious, or communicable disease.

Who may inspect.—All qualified veterinarians in the State deputed by board to make such inspections.

Official.—Dr. E. Pegram Flower, secretary and executive officer of State live-stock sanitary board, Baton Rouge, La.

MAINE.

Horses, mules, and asses.—Health certificate and mallein test.

Cattle.—Must have permit from cattle commission, and be quarantined on owner's premises for 30 days and be subject to tuberculin test.

Hogs.—None.

Sheep.—None.

Who may inspect.—Qualified veterinarians authorized by live-stock sanitary commissioner.

Official.—Mr. Van W. Carll, live-stock sanitary commissioner, Augusta, Me.

MARYLAND.

Horses, mules, and asses.—None.

Cattle.—Health certificate for feeding cattle, and tuberculin test for dairy and breeding cattle, accompanied by test sheet.

Hogs.—Health certificate.

Sheep.—Health certificate.

Who may inspect.—State veterinarian, deputies, and inspectors of the Bureau of Animal Industry.

Official.—Dr. Frank H. Mackie, chief veterinary inspector, 1035 Cathedral Street, Baltimore, Md.

MASSACHUSETTS.

Horses, mules, and asses.—None.

Cattle.—Health certificate, including tuberculin test, except beeves for immediate slaughter and calves under 6 months old. Certificates of test made by veterinarians

in other States are accepted if approved by the proper live-stock sanitary authorities in those States.

Hogs.—None.

Sheep.—None.

Who may inspect.—Chief of cattle bureau or his agents.

Official.—Mr. Fred. F. Walker, chief of cattle bureau, Boston, Mass.

MICHIGAN.

Horses, mules, and asses.—None.

Cattle.—Health certificate for dairy cattle, including tuberculin test.

Hogs.—None.

Sheep.—None.

Who may inspect.—Competent veterinarian.

Officials.—Dr. Ward Giltner, State veterinarian, East Lansing, Mich.; Mr. H. H. Hinds, president State live-stock sanitary commission, Stanton, Mich.

MINNESOTA.

Horses, mules, and asses.—All branded horses, mules, or asses imported into Minnesota must be accompanied by a health certificate, including mallein test, certifying that animals have been examined and mallein tested within 30 days prior to date of shipment and found free from glanders.

Cattle.—All cattle intended for dairy or breeding purposes imported into Minnesota must be tuberculin tested. Dairy and breeding cattle imported into Minnesota from the State of Illinois must be held and tuberculin tested on arrival unless accompanied by a certificate of tuberculin test made and issued by a veterinarian of the United States Bureau of Animal Industry.

Hogs.—Health certificate.

Sheep.—Health certificate.

Who may inspect.—State veterinarians or assistants, other than those of Illinois, Federal veterinarians, and veterinarians acting under authority of State live-stock sanitary board.

Official.—Dr. S. H. Ward, secretary and executive officer, live-stock sanitary board, Old Capitol, St. Paul, Minn.

MISSISSIPPI.

Horses, mules, and asses.—Health certificate.

Cattle.—Health certificate. Tuberculin test for dairy and breeding cattle.

Hogs.—Health certificate.

Sheep.—Health certificate.

Who may inspect.—State veterinarian, assistant State veterinarians, inspectors of the Bureau of Animal Industry.

Official.—Mr. W. L. Hutchinson, secretary, live-stock sanitary board, Agricultural College, Mississippi.

MISSOURI.

Horses, mules, and asses.—None specifically required. The statutes of the State forbid the importation of animals affected with glanders, farcy, or nasal gleet.

Cattle.—Health certificate for dairy and breeding cattle, including tuberculin test. If any animal in a lot inspected is found tuberculous, the words “exposed to tuberculosis on day of inspection” shall be written on the certificate of health of such animals as pass. Cattle for pasturing, feeding, or immediate slaughter admitted on permit from State veterinarian without tuberculin test. Regulations do not apply to cattle shipped to the public stock yards at Kansas City, St. Joseph, and St. Louis, nor for exhibition at any fair or live-stock show.

Hogs.—None.

Sheep.—None specifically required. The statutes of the State forbid the importation of sheep affected with any contagious disease.

Who may inspect.—Official veterinarian, State or Federal, or competent veterinarian whose certificate shall be approved in writing by the State veterinarian or like officer.

Official.—Dr. D. F. Luckey, State veterinarian, Columbia, Mo.

MONTANA.

Horses, mules, and asses.—Health certificate, including mallein-test certificate.

Cattle.—Health certificate, except for immediate slaughter, including tuberculin test for dairy and breeding cattle.

Hogs.—Health certificate, except for immediate slaughter, including statement of nonexposure, except where swine are certified by Federal or State veterinarian as having been immunized by the Dorset-McBride-Niles serum method. All swine imported for exhibition purposes must be accompanied by certificate of immunization.

Sheep.—Health certificate, and dipped twice at interval of 10 days in approved dip on arrival at destination or at a safe and convenient point, unless for immediate slaughter.

Who may inspect.—Federal, State, and deputy State veterinarians.

Official.—Dr. M. E. Knowles, State veterinarian, Helena, Mont.

NEBRASKA.

Horses, mules, and asses.—Health certificate.

Cattle.—Health certificate. Tuberculin test for dairy and breeding cattle.

Hogs.—Health certificate and crating for breeding or exhibition purposes. Must be loaded from wagons and not from ordinary chute.

Sheep.—Without inspection from clean territory. Permitted from territory affected with lip-and-leg ulceration after inspection by Government veterinarian and found not to be affected with disease.

Who may inspect.—Government or State veterinarian or graduate veterinarian authorized by Government or State veterinarian.

Official.—Dr. A. Bostrom, deputy State veterinarian, Lincoln, Nebr.

NEVADA.

Horses, mules, and asses.—None.

Cattle.—None.

Hogs.—None.

Sheep.—Before entrance into State for grazing, must notify board (State sheep commission) or any inspector, in writing. Notice not required for sheep in transit unless they remain in State or are unloaded to feed and rest for a longer period than 48 hours.

Officials.—Dr. T. F. Richardson, State veterinarian, Fallon, Nev.; Mr. Stan. C. Mitchell, secretary, State sheep commission, Reno, Nev.

NEW HAMPSHIRE.

Horses, mules, and asses.—None.

Cattle.—Health certificate, including tuberculin test.

Hogs.—None.

Sheep.—None.

Who may inspect.—Qualified veterinarians.

Official.—N. J. Bachelder, secretary, board of cattle commissioners, Concord, N. H.

NEW JERSEY.

Horses, mules, and asses.—None.

Cattle.—Health certificate for dairy and breeding cattle, including tuberculin test.

Hogs.—None.

Sheep.—None.

Who may inspect.—Official veterinarians of the State or competent veterinarian whose health certificate is approved in writing by State officials.

Official.—Dr. Bruce S. Keator, secretary, State board of health, Trenton, N. J.

NEW MEXICO.

Horses, mules, and asses.—Health certificate.

Cattle.—Health certificate, including tuberculin test, for dairy cows or the breeding of dairy cattle.

Hogs.—None.

Sheep.—Health certificate. Bucks must be dipped at unloading point.

Who may inspect.—Official veterinarian, State or Federal, for cattle. Sheep must be inspected by a Federal veterinarian before shipment, and by Territorial inspector at destination.

Officials.—W. J. Linwood, secretary, cattle sanitary board, Albuquerque, N. Mex.; Harry F. Lee, secretary, sheep sanitary board, Albuquerque, N. Mex.

NEW YORK.

Horses, mules, and asses.—Health certificate.

Cattle.—Health certificate for neat cattle for dairy and breeding purposes, including tuberculin test.

Hogs.—None.

Sheep.—None.

Who may inspect.—Federal inspectors, inspectors indorsed by the proper official of the State from which the shipment comes, and the commissioner of agriculture, or duly authorized representatives.

Official.—Dr. J. G. Wills, chief veterinarian, Albany, N. Y.

NORTH CAROLINA.

Horses, mules, and asses.—Health certificate when for breeding purposes.

Cattle.—Health certificate, including certificate of tuberculin test when for breeding or dairy purposes.

Hogs.—Health certificate for breeding purposes.

Sheep.—Health certificate for breeding purposes.

Who may inspect.—State veterinarians, or any veterinarian whose certificate he will indorse; also United States inspectors.

Official.—Dr. W. G. Chrisman, State veterinarian, Raleigh, N. C.

NORTH DAKOTA.

Horses, mules, and asses.—Health certificate, including mallein test made within 30 days prior to entry into State. Certificate for stallions should, in addition, show the animals to be free from infectious, contagious, or transmissible disease or unsoundness.

Cattle.—Health certificate, including tuberculin test for cattle over 6 months old intended for dairy or breeding purposes; test to be made within 30 days prior to entry into State.

Swine.—Health certificate stating that no infectious swine disease exists or has existed in locality from which the shipment originated within 6 months prior to date of shipment, unless the swine are certified by a duly accredited Federal or State veterinarian as having been immunized by the Dorset-McBride-Niles hog cholera immune serum. Swine brought into State for exhibition purposes at State and county fairs must be accompanied by a certificate stating that such swine have been immunized by the Dorset-McBride-Niles hog cholera serum.

Sheep.—Health certificate showing them to be free from scabies, lip-and-leg ulceration, or exposure thereto within 30 days prior to date of shipment.

Who may inspect.—Federal, State, or deputy State veterinarian, or graduate veterinarian whose inspections are indorsed by officials in charge of live-stock sanitary work in the State where inspection is made. All mallein and tuberculin tests shall be made by Federal, State or deputy State veterinarians.

Officials.—Dr. W. F. Crewe, State veterinarian, Devils Lake, N. Dak.; L. Van Es, bacteriologist, State live-stock sanitary board, Fargo, N. Dak.

OHIO.

Horses, mules, and asses.—None.

Cattle.—None.

Hogs.—None.

Sheep.—None.

Who may inspect.—Inspectors of the Bureau of Animal Industry and veterinarians in the employ of the State board of live-stock commissioners.

Official.—Dr. Paul Fischer, State veterinarian, Columbus, Ohio.

OKLAHOMA.

Horses, mules, and asses.—Health certificate stating particularly that stock is free from ticks.

Cattle.—Health certificate, including tuberculin test for dairy or breeding cattle.

Hogs.—Health certificate, except for immediate slaughter.

Sheep.—None.

Who may inspect.—Official veterinarian, State or Federal, or a graduate licensed veterinarian.

Officials.—M. F. Ikard, superintendent live-stock inspection, Oklahoma, Okla.; Drs. J. K. Callicotte and Ben Dobkins, Oklahoma, Okla., veterinarians to the State board of agriculture.

OREGON.

Horses, mules, and asses.—Health certificate, including the mallein test, of stock used on railroad or other construction work. Horses that are parts of settlers' effects and animals for breeding need no inspection, but must be free from disease to comply with Oregon statutes.

Cattle.—Health certificate, including tuberculin test for dairy and breeding cattle and all others excepting strictly range cattle.

Hogs.—Health certificate, except for animals for immediate slaughter. No animal can be shipped for breeding or feeding purposes that has come in contact with any public yard, corral, undisinfected car, or other intermediate object that might carry infection. Show animals must be crated.

Sheep.—Health certificates from States in quarantine. Animals must be free from disease. Notice must be given to State sheep inspector or nearest deputy, stating, by telephone, telegraph, registered letter, or in person, time and place, when and where sheep crossed State line, locality from which they came, name and residence of owner or owners and of person in control of same, and number, brands, and character of the animals. Sheep from quarantined States must be dipped once.

Who may inspect.—Official veterinarians, State or Federal; graduate veterinarians when approved in writing by State veterinarian or like officer, for animals excepting sheep. Sheep to be inspected by official veterinarians only, State or Federal.

Officials.—Dr. J. F. Morel, State veterinarian, Corvallis, Oreg.; Dr. W. H. Lytle, State sheep inspector, Pendleton, Oreg.

PENNSYLVANIA.

Horses, mules, and asses.—Must be free from contagious or infectious disease.

Cattle.—Dairy cows and neat cattle for breeding purposes to be accompanied by a certificate of health from a veterinarian who has been certified to the Pennsylvania State live-stock sanitary board by the authorities in charge of cattle diseases in the State in which the cattle originate. Said certificate must be accompanied by a temperature chart showing that each animal has successfully passed a satisfactory tuberculin test and is free from disease, or by a special permit authorizing importation of dairy cows or neat cattle for breeding purposes in quarantine, to be inspected and tested with tuberculin at destination by an approved inspector at owner's expense. Special permit to receive southern cattle for immediate slaughter.

Hogs.—Must be free from contagious or infectious disease.

Sheep.—Must be free from contagious or infectious disease.

Who may inspect.—State veterinarian, inspectors of the Bureau of Animal Industry, inspectors in the State in which the cattle originate who have been properly certified to the Pennsylvania State live-stock sanitary board, or licensed and approved veterinarians in Pennsylvania.

Official.—Dr. C. J. Marshall, State veterinarian, and secretary State live-stock sanitary board, Harrisburg, Pa.

RHODE ISLAND.

Horses, mules, and asses.—None.

Cattle.—Physical examination.

Hogs.—None.

Sheep.—None.

Who may inspect.—Cattle commissioners of Rhode Island.

Official.—Dr. John S. Pollard, State veterinarian, Providence, R. I.

SOUTH CAROLINA.

Horses, mules, and asses.—Health certificate. Mallein test of any exposed animals.

Cattle.—Health certificate except when intended for immediate slaughter. Tuberculin test for dairy and breeding cattle over 6 months old.

Hogs.—Health certificate except when intended for immediate slaughter.

Sheep.—Health certificate except when intended for immediate slaughter.

Who may inspect.—Official veterinarians, State or Federal.

Official.—Dr. M. Ray Powers, State veterinarian, Clemson College, S. C.

SOUTH DAKOTA.

Horses, mules, and asses.—Health certificate, including mallein test.

Cattle.—Health certificate, including tuberculin test of dairy and breeding cattle.

Hogs.—Health certificate.

Sheep.—Health certificate.

Who may inspect.—State veterinarian, deputies, and inspectors of the Bureau of Animal Industry.

Official.—Dr. Thomas H. Hicks, State veterinarian, Milbank, S. Dak.

TENNESSEE.

Horses, mules, and asses.—Must be free from equine scabies, glanders, or other contagious, infectious, or communicable diseases.

Cattle.—Health certificate, including tuberculin test of all cattle over 6 months old, except for immediate slaughter.

Hogs.—From public stockyards accepted for immediate slaughter only.

Sheep.—Health certificate issued by an inspector of the Bureau of Animal Industry or other qualified veterinarian, except for immediate slaughter.

Who may inspect.—State and Federal inspectors or other qualified veterinarians.

Officials.—T. F. Peck, commissioner of agriculture, Nashville, Tenn.; Dr. G. R. White, State live-stock inspector, Nashville, Tenn.

TEXAS.

Horses, mules, and asses.—Health certificate.

Cattle.—Dairy and breeding cattle over 6 months old and cattle for exhibition purposes at any fairs within the State must be accompanied by a certificate of inspection showing them to have been tuberculin tested within 60 days prior to time of entering the State.

Hogs.—Hogs for breeding and stocking purposes or hogs intended for exhibition at any fair within the State must be accompanied by a certificate showing them to have been immunized by the Dorset-McBride-Niles serum method.

Sheep.—Health certificate, except when intended for immediate slaughter.

Who may inspect.—Inspectors of the Bureau of Animal Industry; inspectors designated by the live stock sanitary commission; State veterinarian or State sheep inspector.

Officials.—Mr. W. N. Waddell, chairman, live-stock sanitary commission, Fort Worth, Tex.; Dr. E. R. Forbes, State veterinarian, Fort Worth, Tex.; Mr. J. A. Whitten, State sheep inspector, Eldorado, Tex.

UTAH.

Horses, mules, and asses.—Health certificate, including mallein test for stallions and jacks.

Cattle.—Health certificate for dairy and breeding cattle, including tuberculin test.

Hogs.—Health certificate. Quarantine after arrival in State for not exceeding 15 days.

Sheep.—Health certificate.

Who may inspect.—Federal, State, or deputy State veterinarian, or qualified veterinarian approved by the State or Federal authorities.

Officials.—Dr. A. Carrington Young, inspector, Salt Lake City, Utah; A. A. Callister, secretary State board of sheep commissioners, Salt Lake City, Utah.

VERMONT.

Horses, mules, and asses.—None.

Cattle.—Must have permit from the State cattle commission and be held in quarantine until tested with tuberculin.

Hogs.—None.

Sheep.—None.

Who may inspect.—State cattle commissioner and his veterinarians. Tests made in another State for shipment into Vermont are accepted when approved by the proper official of that State.

Official.—F. L. Davis, cattle commissioner, White River Junction, Vt.

VIRGINIA.

Horses, mules, and asses.—None.

Cattle.—Health certificate for dairy and breeding cattle, including tuberculin test, made within the preceding 4 months.

Hogs.—None.

Sheep.—None.

Who may inspect.—Inspectors of the Bureau of Animal Industry, State veterinarian, and qualified veterinarians whose certificates are approved in writing by the State veterinarian or live-stock sanitary official of the State in which animals originate.

Official.—Dr. J. G. Ferneyhough, State veterinarian, Burkeville, Va.

WASHINGTON.

Horses, mules, and asses.—Physical inspection.

Cattle.—Tuberculin test for dairy and breeding cattle. Physical inspection for beef and feeding cattle.

Hogs.—Physical inspection.

Sheep.—Physical inspection.

Who may inspect.—State veterinarian, assistant State veterinarians, and inspectors of the Bureau of Animal Industry.

Official.—Dr. S. B. Nelson, State veterinarian, Spokane, Wash.

WEST VIRGINIA.

Horses, mules, and asses.—None.

Cattle.—None.

Hogs.—None.

Sheep.—None.

Who may inspect.—None needed.

Official.—John M. Millan, secretary board of agriculture, Charleston, W. Va.

WISCONSIN.

Horses, mules, and asses.—Health certificate, including mallein test.

Cattle.—Health certificate, including tuberculin test for dairy and breeding cattle over 6 months old.

Hogs.—None.

Sheep.—None.

Who may inspect.—Graduate veterinarians approved by the State veterinarian of the State from which animals come.

Official.—Dr. A. H. Hartwig, State veterinarian, Madison, Wis.

WYOMING.

Horses and mules.—Health certificate. Stallions and jacks require health certificate, including mallein test.

Cattle.—Health certificate, including tuberculin test for dairy and breeding cattle.

Hogs.—Health certificate. For exhibition must be immunized with Dorset-McBride-Niles hog-cholera serum.

Sheep.—Send 10 days' notice to secretary State board of sheep commissioners, Cheyenne, Wyo., inclosing 3 cents for each sheep and 25 cents for each buck. All sheep to be dipped twice at destination within 15 days after arrival. All import sheep considered as being dipped for scabies and with such dip as prescribed or recognized by board of sheep commissioners for scabies.

Who may inspect.—Federal, State, or deputy State veterinarian or qualified veterinarian approved by the State or Federal authorities.

Officials.—Dr. Benj. F. Davis, State veterinarian, Cheyenne, Wyo.; Dr. H. S. Eakins, secretary-treasurer, State board of sheep commissioners, Cheyenne, Wyo.
